### Code de nettoyage

**W** – Utiliser un agent nettoyant à base d'eau ou de mousse.

**WS** – Utiliser un agent nettoyant à base d'eau ou de mousse ou un solvant pur et sans eau.

### Information additionnelle

<sup>^</sup>Abrasion: plusieurs facteurs affectent la durabilité et l'apparence des recouvrements, notamment l'usage et l'entretien du produit.

Les résultats de tests Wyzenbeek supérieurs à 100 000 double frottements n'ont pas démontré être une mesure fiable de la longévité d'un recouvrement. Veuillez consulter le site web de Mayer pour d'autres spécifications techniques.

### Cleaning Code

**W** – Water-Based Cleaner

**WS** – Use water-based or foam cleaning agent, or pure water-free solvent.

### Additional Information

<sup>^</sup>Abrasion: Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance.

Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan. Specifications: Specifications are correct at the time of printing. Additional specifications are available on our website.
